

# **GOING BACK TO SCHOOL!**

A Social Story From Chewigem

**My Name Is .....**

I have been off school for lots of weeks because there has been a virus that is making some people ill.

Now that people are starting to feel better I can go back to school.

When I go back to school it will be different, but I will be okay.

I can't hug my friends at the moment but it will still be nice to see them and speak to them.

# In The Classroom

When I get to school I will need to be dropped off outside and meet my teacher at the door.

My class might be smaller with not as many of my friends  
and I might not go to school for full day like I used to do.

I will not sit next to anyone because we will need to be spread out a little bit, but it nice to have my own space.

# Being Clean

I will have my own work area and pencils and paper which only I can use.

I will need to wash my hands when I go into school and when I leave and I might use special hand gel for this.

I must wash my hands before I eat, after I eat and after I have used the toilet.

I need to put things in the bin that I no longer need, like tissues and rubbish and try not to leave them lying around.

# Lunch Time

Lunch time will be different as we will not sit in the big hall together.

We might eat in our classrooms or at different times in the hall.

I will need to take my own packed lunch. Everyday I will take my lunchbox home and it will need to be washed.

# Uniforms

I must wear clean clothing every day at school so someday I might not be able to wear my uniform.

# Chewigems

The best Chewigem to take to school would be a pendant as I can wear this around my neck so that it doesn't touch anything or get lost. I can wash my Chewigem everyday.
